Notes to Condensed Interim Financial Statements

For the period 1 January 2022 to 30 June 2022

1 GENERAL INFORMATION

D Shopping Malls Finance P.L.C. is a limited liability company domiciled and incorporated in Malta on 13 August 2018.

The Financial Statements for the year ended 31 December 2021 are available on the company's website.

The condensed interim financial statements were approved for issue by the board of directors on 25 August 2022.

2 ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and comply with the Companies Act, 1995. The financial statements have been prepared under the historical cost convention, except for those assets and liabilities that are measured at fair value.

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires the use of certain accounting estimates. It also requires directors to exercise their judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the directors, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1.

2.2 Assessment of going concern assumption

The directors have a reasonable expectation at the time of approving the condensed interim financial statements that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparation of the condensed interim financial statements.

For the period 1 January 2022 to 30 June 2022

2 ACCOUNTING POLICIES (continued)

2.3 New and revised standards

2.3.1 Summary of Significant Accounting Policies

The accounting policies are consistent with those of the annual financial statements for the year 31 December 2021 as described in those financial statements.

2.3.2 Standards, Interpretations and amendments to published standards effective in 2022

During 2022, the Company has adopted revised standards, amendments and interpretations to existing standards that are mandatory for the company's accounting period beginning on 1 January 2022.

The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in changes to the company's accounting policies.

2.3.3 Standards interpretations and amendments to published standards that are not yet effective.

Certain new standards, amendments and interpretations to existing standards have been published by the date of authorisation for the issue of these condensed interim financial statements that are mandatory for the company's accounting periods beginning after 1 January 2022. The company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU and the company's directors are of the opinion that, with the exception of the below pronouncements, there are no requirements that will have a possible significant impact on the Company's financial statements in the period of initial application.
