For the period 1 January 2024 to 30 June 2024

This report is published in terms of the Malta Financial Services Authority Capital Markets Rules Chapter 5 and the Prevention of Financial Markets Abuse Act 2005. The underlying accounting policies are the same as those adopted by Dizz Finance P.L.C. ('the Company') in its published audited annual report. Principal activity

The principal activity of the Company is to act as a finance, investment and property-holding company for lease to third parties and related companies. The activities of the Company are expected to remain consistent for the foreseeable future.

Principal risks and uncertainties

The Company is mainly dependent on the business prospects of the Dizz Group of Companies Limited and its subsidiaries (the "Group"), and consequently, the operating results of the Group have a direct effect on the Company's financial position and performance, including the ability of the Company to service its payment obligations under the issued bonds.

The Company's main assets consist of receivables for loans issued to related companies forming part of the Group. Therefore, the ability of these companies to effect payments to the Company under such loans will depend on their respective cash flows and earnings which may be restricted by:

- changes in applicable laws and regulations;
- the terms contained in the agreements to which they are or may become party, including the indenture governing their existing indebtedness, if any; or
- other factors beyond the control of the Company.

Additionally, the Company is directly exposed to the risks associated with the local property market. The property market is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, or the exercise by tenants of their contractual rights.

Review of business

During the period under review, the Company registered a profit before taxation of €195,586 (2023: €359,788.)

1 GENERAL INFORMATION

Dizz Finance P.L.C. is a limited liability Company domiciled and incorporated in Malta. The Company was incorporated on 24 June 2015. On 15 January 2016, the Company passed an extraordinary resolution to convert the status of the Company from a Private Exempt Limited Company into a Public Limited Company.

The Audited Financial Statements for the year ended 31 December 2023 are available on the Company's website.

2 ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and comply with the Companies Act, (Cap 386). The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires the use of certain accounting estimates. It also requires directors to exercise their judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the directors, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1.

2.2 Assessment of going concern assumption

The directors have a reasonable expectation at the time of approving the condensed interim financial statements that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparation of the condensed interim financial statements.

The accounting policies are consistent with those of the annual financial statements for the year ended 31 December 2023 as described in those financial statements.

During 2024, the Company has adopted revised standards, amendments and interpretations to existing standards that are mandatory for the company's accounting period beginning on 1 January 2024.

The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in changes to the Company's accounting policies.

2.3.3 Standards interpretations and amendments to published standards that are not yet effective.

Certain new standards, amendments and interpretations to existing standards have been published by the date of authorisation for the issue of these condensed interim financial statements that are mandatory for the Company's accounting periods beginning after 1 January 2024. The Company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU and the company's directors are of the opinion that, with the exception of the below pronouncements, there are no requirements that will have a possible significant impact on the Company's financial statements in the period of initial application.
